**MARC RAYMOND 26026 CSS®**

MARC Raymond 26026 has the genetic advantages to put your cattle operation on an avenue of opportunity.

- Acceptable birth weight EPD plus proven calving ease.
- WW, YW and Milk EPDs in the top 1% of the breed
- WW, YW and Milk EPDs are the highest of any bull in the '05 Red Poll Sire Summary
- EPD accuracies for BW, WW and YW are the highest in the Sire Summary. MM accuracy is second highest.
- From the famous MARC herd where selection was based on performance and functionality.
- Very fertile and very active at 13 years of age.
- Outstanding fleshing ability on a forage program.
- Very gentle and easy to handle, even though he was never halter broke or shown.
- Outstanding capacity, soundness and overall conformation including muzzle, head and neck.
- U.S. semen \$200 for 10 units, no certificates necessary.
